Website Accessibility Certification

Welcome to the Department of Child Support Services (DCSS) website. In the interest of serving California's diverse communities, we are providing a copy of our Website Accessibility Certification.

Assembly Bill 434 (Chapter 780, Statutes of 2017) amended Government Code Section §11546.7 to require, before July 1, 2019 and biennially thereafter, the Director of each state agency or state entity, as defined in subdivision (e) of Section 11546.1, and each Chief Information Officer appointed under Section 11546.1, post on the home page of their internet website a signed certification that their internet website is in compliance with specified accessibility standards.

Accessible websites provide greater access to the DCSS website and helps ensure the department protects the well-being of all Californians and visitors. We thank you for the opportunity to be of better service in our continuous efforts to adopt better practices in our communications.

Thank you,
