

DIRECTIONS:

How to PIN the Electronic Payment Card on the *Go Program Way2Go Card App*

Step 1: Download the app *Go Program Way2Go Card* from the app store (Apple or Android)

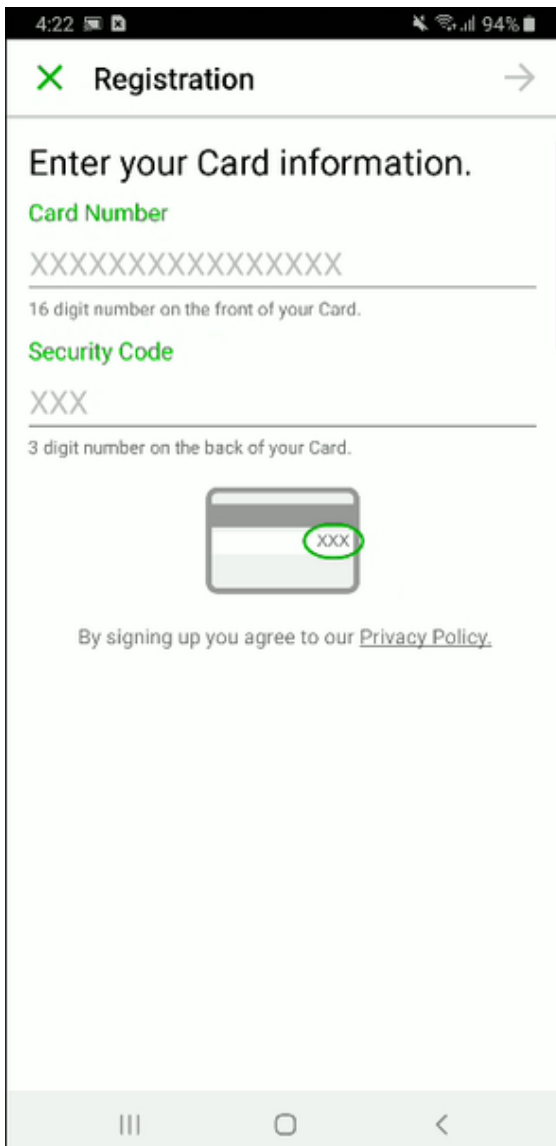

Step 2: Enroll for Online and Mobile Use

User must register your mobile app account before activating the card. *Note that the mobile app and goprogram.com website use the same user logins once established. If you already registered your Way2Go card on the website, then there is no need to register on the mobile app. You can simply log in to the Mobile app to access your account.*

Step 3: Registration

Enter your Way2Go card number and the three-digit security code (CVV) on the back of the card.

The image shows a mobile application registration screen. At the top, the status bar displays the time 4:22, signal strength, Wi-Fi, and 94% battery. The app header is titled "Registration" with a green 'X' icon on the left and a right-pointing arrow on the right. The main heading is "Enter your Card information." Below this, there are two input fields. The first is labeled "Card Number" in green text and contains a placeholder of 16 'X' characters. Below the field is the instruction "16 digit number on the front of your Card." The second field is labeled "Security Code" in green text and contains a placeholder of three 'X' characters. Below this field is the instruction "3 digit number on the back of your Card." Below the text is an illustration of a card with a green circle highlighting the three-digit security code area, labeled "XXX". At the bottom of the screen, there is a line of text: "By signing up you agree to our [Privacy Policy](#)." The bottom of the screen shows the standard Android navigation bar with three icons: a square, a circle, and a triangle.

Step 4: Enter your Unique ID (Participant ID) and Date of Birth

Step 6: Enter your email address twice for confirmation.

The image shows a mobile application registration screen. At the top, the status bar displays the time 4:25, signal strength, Wi-Fi, and 94% battery. The app header is titled "Registration" with a green 'X' icon on the left and a right-pointing arrow on the right. Below the header, the instruction "Add your email address." is displayed. There are two input fields: the first is labeled "Email" and the second is labeled "Retype Email". Both fields are currently empty. At the bottom of the screen, the Android navigation bar is visible with the back, home, and recents icons.

Step 7: Select and answer a security question.

The screenshot shows a mobile application interface for registration. At the top, the status bar displays the time 4:26, signal strength, Wi-Fi, and 94% battery. Below the status bar is a header with a green 'X' icon, the text 'Registration', and a right-pointing arrow. The main content area is titled 'Select a security question and answer.' and is divided into three sections: 'Question', 'Answer', and 'Confirm Answer'. The 'Question' section contains the text 'WHAT WAS THE FIRST NAME OF YOUR BEST FRIEND IN HIGH SCHOOL?' with a dropdown arrow. Below it is a horizontal line and the text 'Select security question from the list'. The 'Answer' section has a horizontal line, followed by the text 'Answer for security question. Cannot contain ; , < > / * & \ and must be at least 3 characters in length.' The 'Confirm Answer' section has a horizontal line and the text 'Confirmation for security answer'. At the bottom of the screen is a navigation bar with three icons: a vertical bar, a circle, and a left-pointing arrow.
