

DIRECTIONS:

How to PIN and Register Electronic Payment Card using the *GoProgram* Website

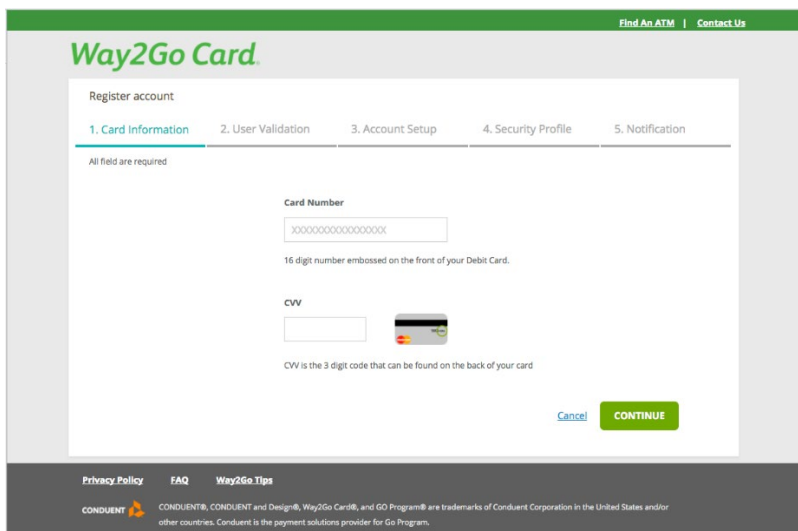

Step 1: Register your Account

Access the website: www.goprogram.com. Click the **Register your account** button.

Step 2: Verify the Way2Go card

Enter your Way2Go card number and the CVV card number (on the back of the card)

Step 3: Verify the User

Enter your Date of Birth and Unique ID (which is Participant ID. If the Participant ID includes leading zeros, those should be included).

The screenshot shows the 'Way2Go Card' registration interface. At the top, there are links for 'Find An ATM' and 'Contact Us'. The main header is 'Way2Go Card'. Below it, the registration progress is shown with five steps: 1. Card Information, 2. User Validation (highlighted), 3. Account Setup, 4. Security Profile, and 5. Notification. A note states 'All fields are required'. The 'Date Of Birth' section has three dropdown menus for 'Month', 'Day', and 'Year'. Below that is a 'Unique ID' input field. At the bottom right, there are '< Back' and 'CONTINUE' buttons. The footer contains 'Privacy Policy', 'FAQ', and 'Way2Go Card Tips', along with the CONDUENT logo and a trademark notice.

Step 4: Account Setup

Create Username and Password and complete account setup process. You will be prompted through various screens to set up your account.

The screenshot shows the 'Way2Go Card' registration interface at Step 4: Account Setup. The progress bar shows steps 1 through 5, with '3. Account Setup' highlighted. A note says 'Please use this page to setup your sign-in credentials. All field are required.' The form includes fields for 'Create User ID', 'Create Password', 'Confirm Password', 'Email', 'Confirm Email', and 'Mobile Phone Number'. Each field has a green checkmark icon to its right. The 'Mobile Phone Number' field is followed by an '@' symbol and a dropdown menu currently set to 'Verizon'. A yellow callout box on the right provides password requirements: 'Your User ID must consist of 8 to 10 alphanumeric characters (letters and/or numbers). Your Password must be 10 to 16 alphanumeric characters (letters and numbers) and include All of the following: 1) One or more uppercase letters, 2) One or more lowercase letters, 3) One or more numbers, 4) One or more special characters (@#%&*+!@{,.;), 5) Not be same as previous 10 passwords used for this account. It is important to create a secure password. Here are some tips to ensure your new password is secure: • Avoid using something that someone could guess, • Avoid using the same password you use for other things, • Avoid using your first or last name, pet number or address digits, or your children's birthday, • Avoid using repeated numbers or digits like 1234 or ABCD. At the bottom right, there are '< Back' and 'CONTINUE' buttons.

Select a security image to be used as authentication for future logins.

Your new PIN number must contain exactly 4 numbers.
Your PIN number is the secret number that allows you access your money and helps protect your Card Information. Here are a few easy tips you can use to help keep your money and information safe.

- Create a PIN number that no one would be able to guess. Never use repeating digits like "1111", "9999", or easy to guess numbers like "1234".
- Keep your Personal Identification Number (PIN) a secret. Never share it with anyone, including friends or family members, store employees, or others.
- When creating your secret PIN, it's best to select a series of numbers that's easy for you to memorize, but difficult for anyone else to guess.
- It is not safe to use the same PIN you use for other things. Avoid using the same digit consecutively or combinations that are easily discovered such as your telephone number, the last 4 digits of your Social Security number, your birthday, home address, driver's license number, etc.
- Change your secret PIN regularly just in case someone learns it.
- Never write down your secret PIN number anywhere, especially on your Card, in your wallet or in your phone.
- Protect your secret PIN from prying eyes. Never let other shoppers or people standing near you see you typing your PIN, including at the ATM.
- Never share your PIN with anyone, for any reason, regardless of the circumstances.
- Do not disclose your PIN via a email, text or over the phone to anyone who may claim to be your financial institution's representative, or law enforcement.
- It is not necessary for anyone to know your PIN including your joint account-holder, your financial institution or law enforcement.
- Hang up immediately if you receive a telephone call from someone asking you for your secret PIN number to complete an online transaction, or for verification of any type.
