### Cómo ingresar el PIN y registrar la tarjeta de pago electrónico mediante el sitio web de *GoProgram*

#### Paso 1: registre su cuenta

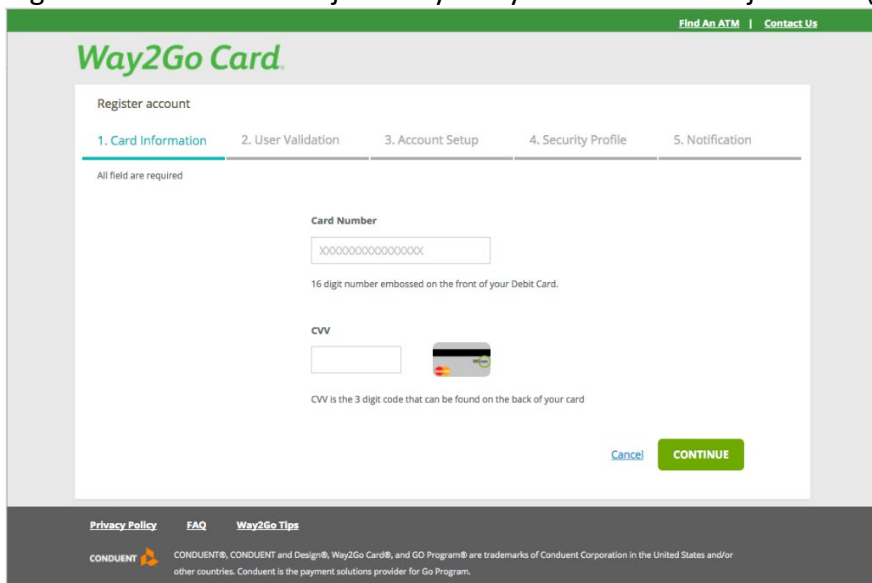

Acceda al sitio web: [www.goprogram.com](http://www.goprogram.com). Haga clic en el botón Registrar su cuenta.

The screenshot shows the top portion of the Way2Go Card website. At the top, there are language options: English | [Español](#) | [Krèyol Ayisyen](#). Below this is the "Way2Go Card" logo in green. A white input field labeled "User ID" is positioned above a green "LOGIN" button. Below the login button, there are links for "Forgot User ID?" and "To sign up for Direct Deposit [click here](#)". At the bottom of this section, a green button labeled "Register your account" is highlighted with a red rectangular border. At the very bottom of the page, there are logos for "Available on the App Store" and "GET IT ON Google play".

#### Paso 2: Verifique la tarjeta Way2Go

Ingrese su número de tarjeta Way2Go y el número de tarjeta CVV (en la parte posterior de la tarjeta)

The screenshot shows the "Register account" form on the Way2Go Card website. The page has a green header with "Way2Go Card" and links for "Find An ATM" and "Contact Us". The form is titled "Register account" and has a progress indicator with five steps: 1. Card Information (active), 2. User Validation, 3. Account Setup, 4. Security Profile, and 5. Notification. Below the progress indicator, it says "All field are required". The form contains two main input fields: "Card Number" and "CVV". The "Card Number" field is a long white box with a placeholder "XXXXXXXXXXXXXXXXXXXX" and a note: "16 digit number embossed on the front of your Debit Card." The "CVV" field is a shorter white box with a note: "CVV is the 3 digit code that can be found on the back of your card" and a small image of a card. At the bottom right of the form, there are "Cancel" and "CONTINUE" buttons. The footer of the page includes links for "Privacy Policy", "FAQ", and "Way2Go Tips", and a copyright notice: "CONDUMENT®, CONDUMENT and Design®, Way2Go Card®, and GO Program® are trademarks of Conduent Corporation in the United States and/or other countries. Conduent is the payment solutions provider for Go Program."

### Paso 3: verificar al usuario

Ingrese su fecha de nacimiento e identificación única (que es la identificación del participante. Si la identificación del participante incluye ceros a la izquierda, estos deben incluirse).

The screenshot shows the 'Way2Go Card' registration interface. At the top, there are links for 'Find An ATM' and 'Contact Us'. The main heading is 'Way2Go Card'. Below it, the page is titled 'Register account'. A progress bar shows five steps: 1. Card Information, 2. User Validation (highlighted in green), 3. Account Setup, 4. Security Profile, and 5. Notification. A note states 'All fields are required'. The 'Date Of Birth' section has three dropdown menus for 'Month', 'Day', and 'Year'. Below that is a 'Unique ID' input field with a help icon. At the bottom right, there are '< Back' and 'CONTINUE' buttons. The footer contains links for 'Privacy Policy', 'FAQ', and 'Way2Go Card Tips', along with the 'CONDUENT' logo and a disclaimer: 'CONDUENT and Design®, Way2Go Card®, and GO Program® are trademarks of Conduent Corporation in the United States and/or other countries. Conduent is the payment solutions provider for Go Program.'

### Paso 4: configuración de la cuenta

Cree el nombre de usuario y la contraseña y complete el proceso de configuración de la cuenta. Se le pedirá a través de varias pantallas que configure su cuenta.

The screenshot shows the 'Way2Go Card' registration interface at Step 4: Account Setup. The progress bar highlights '3. Account Setup'. A note says 'Please use this page to setup your sign-in credentials. All fields are required.' The form includes several fields, each with a green checkmark indicating successful validation: 'Create User ID', 'Create Password', 'Confirm Password', 'Email', and 'Confirm Email'. The 'Mobile Phone Number' field is partially filled with '@ Verizon'. A yellow callout box provides password requirements: 'Your User ID must consist of 8 to 10 alphanumeric characters (letters and/or numbers). Your Password must be 10 to 16 alphanumeric characters (letters and numbers) and include all of the following: 1) One or more uppercase letters, 2) One or more lowercase letters, 3) One or more numbers, 4) One or more special characters: !@#\$%^&\*~+[]{}|,.;:~', and 5) Not be same as previous 10 passwords used for this account. It is important to create a secure password. Here are some tips to ensure your new password is secure: • Avoid using something that someone could guess, • Avoid using the same password you use for other things, • Avoid using your first or last name, pin number or address digits, or your child's birth day, • Avoid using repeated numbers or digits like 1234 or ABCD'. At the bottom right, there are '< Back' and 'CONTINUE' buttons.

Your new PIN number must contain exactly 4 numbers.  
Your PIN number is the secret number that allows you access your money and helps protect your Card Information. Here are a few easy tips you can use to help keep your money and information safe.

- Create a PIN number that no one would be able to guess. Never use repeating digits like "1111", "9999", or easy to guess numbers like "1234".
- Keep your Personal Identification Number (PIN) a secret. Never share it with anyone, including friends or family members, store employees, or others.
- When creating your secret PIN, it's best to select a series of numbers that's easy for you to memorize, but difficult for anyone else to guess.
- It is not safe to use the same PIN you use for other things. Avoid using the same digit consecutively or combinations that are easily discovered such as your telephone number, the last 4 digits of your Social Security number, your birthday, home address, driver's license number, etc.
- Change your secret PIN regularly just in case someone learns it.
- Never write down your secret PIN number anywhere, especially on your Card, in your wallet or in your phone.
- Protect your secret PIN from prying eyes. Never let other shoppers or people standing near you see you typing your PIN, including at the ATM.
- Never share your PIN with anyone, for any reason, regardless of the circumstances.
- Do not disclose your PIN's a serial, lost or own the phone to anyone who may claim to be your financial institution's representative, or law enforcement.
- It is not necessary for anyone to know your PIN including your joint account-holder, your financial institution or law enforcement.
- Hang up immediately if you receive a telephone call from someone asking you for your secret PIN number to complete an online transaction, or for verification of any type.
