SUBJECT: LOCAL ASSISTANCE ESTIMATES

This memorandum transmits the 2015-16 Governor's Budget local assistance estimates for the Department of Child Support Services (DCSS). The Governor's Budget includes the State Fiscal Year (SFY) 2015-16 November 2014 Estimate of local assistance administrative costs and collections.

The November 2014 Estimate presents the SFY 2015-16 DCSS local assistance budget and provides an update to the SFY 2014-15 appropriation. The estimates of the administrative costs for the local child support agencies, as well as the detailed methodology for each estimate, are included. It also provides the estimate of the child support collections and miscellaneous revenue to the State General Fund (SGF). Total distributed child support collections and revenues are projected to be \$2.3 billion (\$163.8 million SGF) for SFY 2014-15 and \$2.3 billion (\$148.8 million SGF) for SFY 2015-16.

Also included is an Auxiliary Tables section that consists of charts reflecting historical and projected data on child support collections, federal performance measures, State Disbursement Unit transactions, and the federal alternative penalty. For your convenience, a list of acronyms is included in the Premise Methodologies section.

The material contained in the November 2014 Estimate package will also be available on the DCSS website: <http://www.childsup.ca.gov>. Should you have any questions, please contact the Budget Support Section at (916) 464-5020.

TOTAL PROJECTED DISTRIBUTED COLLECTIONS FOR STATE FISCAL YEARS 2014-15 and 2015-16

The charts below display California's projected State Fiscal Year (SFY) 2014-15 (\$2.3 billion) and SFY 2015-16 (\$2.3 billion) child support total collections that are distributed to the federal, state and county government as revenue (**Assistance**) and directly to families (**Non-Assistance**).

- **Assistance Collections (\$402.2 million SFY 2014-15 and \$367.2 SFY 2015-16)** are revenue to government entities which reflects basic collections and other collections. Basic Collections (\$346.7 million SFY 2014-15 and \$314.7 SFY 2015-16) are the ongoing efforts of the Local Child Support Agencies (LCSAs) to collect child support payments from non-custodial parents. Other Collections (\$55.5 million SFY 2014-15 and \$52.5 SFY 2015-16) are those collections that are associated with new or other enforcement activities that are above the basic ongoing functions of the LCSA, such as the \$50 Disregard, Collections for Other States, and Miscellaneous Collections.
- **Non-Assistance Collections (\$1.9 billion SFY 2014-15 and \$2.0 billion SFY 2015-16)** are collections that are made on behalf of families and sent directly to them. These collections are comprised of Basic Collections (\$1.7 billion SFY 2014-15 and \$1.7 billion SFY 2015-16) and Other Collections (\$215.3 million SFY 2014-15 and \$217.5 SFY 2015-16).

Federal Performance Measures in a Nutshell

DCSS implemented the incentive funding system based on program performance as required by The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA). The Child Support Performance and Incentive Act of 1998 enacted significant changes in the way federal incentives are paid to states. The methodology changed from being based on cost-effectiveness only, to five federal performance measures implemented over a three year period, beginning October 1, 1999. The federal Office of Child Support Enforcement's (OCSE) Action Transmittal 01-01, dated January 3, 2001 contains the federal regulations that govern the system. Since Federal Fiscal Year (FFY) 2000, states are evaluated for federal incentive funds based on five performance measures:

1. **Paternity Establishment Percentage**

- The "IV-D Paternity Establishment Percentage" (PEP) measures the total number of children in the IV-D caseload in the fiscal year who have been born out-of-wedlock and for whom paternity has been established, compared to the total number of children in the IV-D caseload as of the end of the preceding fiscal year who were born out of wedlock, expressed as a percent;
OR
- The "Statewide Paternity Establishment Percentage" measures the total number of children born out- of-wedlock for whom paternity was acknowledged or established in the fiscal year compared to the total number of children in the state born out-of-wedlock during the preceding fiscal year, expressed as a percentage.

**The actual FFY 2008 statewide total for cost effectiveness is \$2.04. Due to a reporting error it had been reported as \$1.96.*

Data Reliability

In addition to meeting these performance goals, for purposes of incentives and penalties, data must meet a 95 percent standard of reliability beginning in the fiscal year 2001. Reliable data means the most recent data available found by the Secretary to be reliable for the purposes of computing each of the Federal performance measures. Data must be found to be sufficiently complete and error free to be convincing for their purpose and context. Federal auditors are required to conduct audits to assess completeness, reliability, and security of the data, and the accuracy of the reporting systems used in calculating performance indicators.

Failure to meet the five federal performance standards or the 95 percent data reliability standard puts California at risk of losing eligibility for incentive funds and incurring significant penalties if no improvement is made during the year.

Penalties

The penalty system is used to penalize states that fail to perform at acceptable levels or fail to submit complete and reliable data. If the state falls below one or more of the performance measures, or does not meet the data reliability criteria, an automatic corrective action period of one year will ensue. If not corrected during that period, a penalty will be imposed at the end of the year. For example, the corrective action period for the data reliability audit done for FFY 2012 ends September 30, 2013. If the state fails the FFY 2012 audit and also fails the FFY 2013 audit, a penalty could be imposed. The penalty level by which payments will be reduced is one to two percent of the Temporary Assistance for Needy Families (TANF) grant for the first finding; two to three percent for the second consecutive finding; and three to five percent for the third and subsequent consecutive findings. Total penalties may not exceed 25 percent of the TANF grant.

Local Child Support Agency Basic Costs

DESCRIPTION:

This premise reflects funding for the Local Child Support Agency (LCSA) basic costs. LCSA administration costs include salaries and benefits of county staff as well as operating costs. LCSA duties include case intake, court preparation to establish paternity and support obligations, and the enforcement of support obligations, including locating absent parents.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Family Code (FC) Section 17704(b), FC Section 17710(a), and Welfare and Institutions Code Section 10085(a).
- The LCSA non-federal share of administration costs is adjusted by the level of federal performance basic incentives estimated in State Fiscal Year (SFY) 2014-15 and SFY 2015-16.

METHODOLOGY:

Basic Costs:

Basic costs are the sum of administration, federal performance basic incentives, county match for administration, and revenue stabilization.

Administration:

LCSA administration costs are funded at the base of \$697,772,000 for SFY 2014-15 and SFY 2015-16. From this base, federal incentives are removed to calculate administration.

Federal Performance Basic Incentives:

Federal Performance Basic Incentive funds of \$40,642,000 for SFY 2014-15 and \$40,414,000 for SFY 2015-16 are included in LCSA Basic Costs. These numbers reflect the amount of estimated federal incentive funds available to cover LCSA administration costs. For details, refer to the Federal Performance Basic Incentives premise description.

County Match for Administration:

Included in LCSA Basic Costs are county match funds for those LCSAs that elect to supplement the program with local matching funds. For SFY 2014-15 and SFY 2015-16, the budget is \$40,000,000 (\$26,400,000 federal funds and \$13,600,000 county funds).

Revenue Stabilization:

SFY 2014-15 and SFY 2015-16 includes LCSA Basic Costs for revenue stabilization. For details, refer to the Revenue Stabilization premise description.

FUNDING:

Funding for Administration is 34 percent State General Fund (SGF), 66 percent Federal Financial Participation (FFP) matching funds and federal incentives.

Counties may supplement their funding by using County General Fund (CGF) in lieu of SGF. CGF and the matching FFP are called County Match for Administration. County Match for Administration is funded 34 percent CGF and 66 percent FFP matching funds.

CHANGE FROM APPROPRIATION:

There is no change.

REASON FOR YEAR-TO-YEAR CHANGE:

Based on the most recent actual data, Federal Performance Basic Incentives are forecasted to decrease in SFY 2015-16. This results in an increase of \$78,000 SGF which is offset by a decrease of \$78,000 federal funds.

Federal Performance Basic Incentives

DESCRIPTION:

This premise reflects the Federal Performance Basic Incentives. Pursuant to the Child Support Performance and Incentive Act of 1998, the federal incentives passed onto Local Child Support Agencies (LCSAs) are to be based on the five performance measures and Data Reliability Audit compliance. California's historical performance is displayed in the Auxiliary Tables section of this document on the Historical Incentive Performance Measures chart (Chart A-11).

IMPLEMENTATION DATE:

The federal performance incentive methodology was implemented October 1, 1999 and phased in over three years.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Family Code Section 17704, Public Law (PL) 105-200.
- The federal government pays incentives based on PL 105-200 using the following criteria:
 1. The State's Collection Base

The federal incentive methodology gives a weight of "2" for all distributed collections made in current, former and Medicaid assistance cases and adds Never Assisted collections to make up the state's collection base. Federal fiscal year distributed collections were taken from the Office of Child Support Enforcement Quarterly Report of Collection reports. The formula is as follows:

$$2 \times (\text{Current Assistance Collections} + \text{Former Assistance Collections} + \text{Medicaid Assistance}) + \text{Never Assisted Collections} + \text{Collections for Other Countries} + \text{Fees Retained by Other States} = \text{State's Collection Base}$$

The state's incentive amount earned is based on the calculation of each performance measure level multiplied against the state's collection base.
 2. Performance Factors

The federal incentive methodology considers program performance in five areas to determine each performance level:

 - Paternity Established (Statewide Paternity Establishment Percentage) =
$$\frac{\text{Out-of-Wedlock Children w/Paternity}}{\text{Total Out-of-Wedlock Children, Last Fiscal Year}}$$
 - Support Orders Established =
$$\frac{\text{Total Cases w/Support Orders}}{\text{Total Number of Cases}}$$

KEY DATA/ASSUMPTIONS (continued):

- Current Support Collected =
Total Current Support Collected ÷ Total Current Support Owed

(The previous three performance factors may each earn up to a performance level of 100 percent of the collection base.)

- Cases Paying on Arrears =
Total Cases Paying Arrears ÷ Cases with Total Arrears Due

- Cost-Effectiveness =
Total Collections ÷ Total Expenditures

(The above two performance factors may each earn up to a performance level of 75 percent of the collection base.)

3. Data Reliability Audit

The five performance measures data that the state reports annually is required to be determined complete and reliable through an audit. State data must meet a 95 percent standard of reliability. Failure to meet the data reliability standard in a given performance measure by a state would result in a reduction of federal incentives and the potential issuance of a performance penalty.

4. The Incentive Base Amount

Each performance level is multiplied by the collection base for each performance factor which results in an incentive base amount.

5. Comparison with Other States

The estimated maximum base for California is divided by the estimated maximum base for all states to determine California's share of the available federal incentive pool.

6. The Available Federal Incentive Pool

PL 105-200 established a set pool of available incentive funds for each Federal Fiscal Year (FFY) through FFY 2008. After FFY 2008, the available pool of federal incentive funds will be determined using the Consumer Price Index. Following are the statutorily set pool amounts for each FFY:

• FFY 2000	\$422,000,000	• FFY 2008	\$483,000,000
• FFY 2001	\$429,000,000	• FFY 2009	\$504,000,000
• FFY 2002	\$450,000,000	• FFY 2010	\$504,000,000
• FFY 2003	\$461,000,000	• FFY 2011	\$513,000,000
• FFY 2004	\$454,000,000	• FFY 2012	\$526,000,000
• FFY 2005	\$446,000,000	• FFY 2013	\$539,000,000 ^{1/}
• FFY 2006	\$458,000,000	• FFY 2014	\$552,000,000 ^{1/}
• FFY 2007	\$471,000,000	• FFY 2015	\$566,000,000 ^{1/}

^{1/} FFY 2013 through 2015 are based on the Policy Studies Inc. estimate.

KEY DATA/ASSUMPTIONS (continued):**7. Determining the State's Incentive Entitlement**

California's percentage of the available pool, as determined in number five, is multiplied by the available federal incentive pool to determine California's entitlement to federal incentives.

METHODOLOGY:

The federal incentives are estimated using the methodology under PL 105-200. Based on recent information available, it is estimated that California will be entitled to \$40,642,000 federal incentives in State Fiscal Year (SFY) 2014-15 and \$40,414,000 in SFY 2015-16.

FUNDING:

Funding for Federal Performance Basic Incentives is 100 percent federal funds.

CHANGE FROM APPROPRIATION:

There is no change.

REASON FOR YEAR-TO-YEAR CHANGE:

The forecast for SFY 2015-16 is updated to reflect California's estimated share of the national federal incentive pool.

Local Child Support Agency Revenue Stabilization

DESCRIPTION:

This premise reflects a permanent ongoing augmentation of \$18,735,000 (\$6,370,000 State General Fund (SGF)) for Local Child Support Agencies (LCSAs) in order to stabilize caseworker staffing and avoid a projected loss in child support collections.

In order to receive an allocation of revenue stabilization funds, LCSAs were required to develop and submit early intervention plans including the development of early intervention strategies that would be ready for implementation by July 1, 2009. Early Intervention provides for a proactive approach to establish consistent and reliable payments of current support for families by engaging the customer early in the child support enforcement process.

IMPLEMENTATION DATE:

This premise was implemented July 1, 2009.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Family Code (FC) Section 17704(b), FC Section 17710(a), and Welfare and Institutions Code Section 10085(a).
- The LCSAs were able to retain 230.7 caseworker staff in State Fiscal Year (SFY) 2013-14 with Revenue Stabilization funding.
- For SFY 2013-14, the marginal return on collections per caseworker for assistance cases was \$81,731.
- For SFY 2013-14, the marginal return on collections per caseworker for non-assistance cases was \$492,940.

METHODOLOGY:

- In SFY 2009/10, the base administration allocation of \$696,400,000 was used to calculate the inflationary increase needed to maintain a full administration allocation. The Consumer Price Index of 2.7 percent was applied to the base allocation resulting in an additional \$18,735,000 needed to fully fund administrative activities.
- An analysis of actual collections and caseworker staffing levels was used to estimate the marginal return on collections per caseworker.
- The 230.7 caseworkers were multiplied by the marginal return on collections per assistance case. This quotient was reduced by \$1,170,897 (to account for disregards) to compute additional net assistance collections of \$17,686,000 (\$8,398,000 SGF) in SFY 2014-15 and SFY 2015-16. The 230.7 caseworkers were multiplied by the marginal return on collections per non-assistance case to compute additional non-assistance collections of \$113,733,000.

FUNDING:

- Funding for this premise consists of 34 percent SGF and 66 percent Federal Financial Participation matching funds.
- Collections for assistance families are retained and serve as recoupment of past welfare costs. Collections made on behalf of non-assistance families are forwarded directly to custodial parties.
- The assistance collections are shared based on the Federal Medical Assistance Percentage and the non-federal sharing ratios. See Appendix A for detail.

CHANGE FROM APPROPRIATION:

The estimate has been updated to reflect the latest projection on the marginal return on collections per caseworker.

REASON FOR YEAR-TO-YEAR CHANGE:

The estimate has been updated to reflect the latest projection on the marginal return on collections per caseworker.

IRS Intercept Fees

DESCRIPTION:

This premise reflects the additional cost for Internal Revenue Service tax intercepts.

IMPLEMENTATION DATE:

This premise was implemented October 1, 2007.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Title IV-D of the Social Security Act and 5 United States Code § 5514 (A)(a)(i).

METHODOLOGY:

- The non-minor intercepts were forecasted by using the average number of intercepts for March 2008 through October 2008. A full year of intercepts was forecasted for State Fiscal Year (SFY) 2014-15 and SFY 2015-16. The projected numbers of intercepts were then multiplied by the offset fee of \$14.75 to calculate fees associated with the non-minor intercepts.
- The federal tax intercepts were forecasted based on the actuals collected in SFY 2013-14. The federal tax intercept fee is \$14.65 per offset and the administrative fee is \$15.00.

FUNDING:

Funding for this premise consists of 34 percent State General Fund and 66 percent Federal Financial Participation matching funds.

Deficit Reduction Act – Mandatory Fees

DESCRIPTION:

One of the provisions of the Federal Deficit Reduction Act (FDRA) of 2005 requires the state to pay the federal government a \$25 annual fee for families that have never received Temporary Assistance for Needy Families if at least \$500 is disbursed annually on their behalf. Fees may be recovered from the custodial party, the noncustodial parent or the State (using state funds). California opted to pass the fee to the custodial party and began collecting the fee October 1, 2011.

IMPLEMENTATION DATE:

This premise was implemented January 1, 2008.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Public Law 109-171, FDRA of 2005.
- California Child Support Automation System Child Support Enforcement began tracking fees on October 1, 2010 and started assessing and collecting fees on October 1, 2011. Custodial parties began paying the fees in State Fiscal Year 2011-12.

METHODOLOGY:

- The number of never-assisted cases assessed the fee is multiplied by \$25 to compute the total fees.
- The total fees to be collected are multiplied by 66 percent to determine the federal share.

FUNDING:

These costs represent the 66 percent Federal Financial Participation to be paid from the State General Fund.

Section 1115 Grant (NCP Employment Demonstration Project)

DESCRIPTION:

This premise reflects the funds for the Non-Custodial Parent Employment Demonstration Project Federal Grant. The grant is for a five year period with the first year devoted to development of the program. Services will occur during years two through four and the fifth year will be dedicated to evaluation and sustainability work.

IMPLEMENTATION DATE:

This premise was implemented September 30, 2012.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Section 1115(a)(2), 1115(b) and 1115(b)3 of the Social Security Act [42 United States Code 1315].
- The grant is effective from September 30, 2012 through September 29, 2017.
- Section 1115 grant funds awarded to each project will represent 34 percent of the total project costs. The grant funds will be treated as state expenditures under Title IV-D that, for purposes of the demonstration project, will be reimbursed by the regular Title IV-D federal financial participation (FFP) match of 66 percent. The total approved cost of the project is the sum of the Administration for Children and Families (ACF) grant award under Section 1115 and regular FFP. Grantees do not need to provide matching funds.

California Child Support Automation System – SDU

DESCRIPTION:

The State Disbursement Unit (SDU) is one of two components of the single statewide child support system. The Child Support Enforcement (CSE) component provides the case management system for the statewide automated system. The SDU complements the CSE component by providing services to collect and distribute child support obligation payments for both the IV-D and Non IV-D populations, and to prepare collection payment transactions for processing by the CSE system.

This premise provides the funds necessary to support the SDU Service Provider (SP) contract and the Local Child Support Agency (LCSA) staff assigned to the CCSAS-SDU project as subject matter experts.

IMPLEMENTATION DATE:

This premise was implemented September 1999.

KEY DATA/ASSUMPTIONS:

- Authorizing statute(s): Welfare & Institutions Code Section 10080 and Family Code Section 17309.
- This premise reflects costs for the SP contract to perform statewide collection and distribution activities.

METHODOLOGY:

- Resource estimates are based on workload required to support the CCSAS SDU.
- Costs are based on the most recent SDU contract amendment for the current SP vendor, the new SP contract effective April 1, 2011, and updated trends using the most recent actual data.

FUNDING:

- The funds to support LCSA staff and the SP contract are funded at 66 percent Federal Financial Participation (FFP) funds and 34 percent State General Fund (SGF).
- Cases not subject to Title IV-D (Non IV-D) and filed prior to 1994 do not receive FFP. Therefore, the SP contract has been adjusted to reflect 100% SGF for the processing of payments related to these cases.

California Child Support Automation System – CSE

DESCRIPTION:

Federal law mandates that each state create a single statewide child support automation system that meets federal certification. There are two components of the statewide system. The first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component contains tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. The SDU provides services to collect child support payments from non-custodial parents and to disburse these payments to custodial parties. The Department of Child Support Services (DCSS) achieved full implementation of the California Child Support Automation System (CCSAS) in November 2008.

This premise reflects the contract services for the CCSAS, Local Child Support Agency (LCSA) staff assigned full-time to the CCSAS project as subject matter experts for child support program business practices and CSE system functionality, and funds for Electronic Data Processing maintenance and operations for both the CSE system and the LCSAs.

IMPLEMENTATION DATE:

This premise was implemented September 1999.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Welfare & Institutions Code Section 10080.

METHODOLOGY:

This premise reflects funding for CCSAS CSE as reported in the latest Annual Advance Planning Document Update, and the Department of Child Support Services Budget Change Proposal DCSS-1, CCSAS Information Technology (IT) Contract Staff Reduction.

FUNDING:

- All project costs are funded with 66 percent Federal Financial Participation funds and 34 percent State General Fund.

CHANGE FROM APPROPRIATION:

REASON FOR YEAR-TO-YEAR CHANGE:

The decrease in SFY 2015-16 is due to a reduction in IT contract staff.

Child Support Collections Recovery Fund

DESCRIPTION:

This premise reflects the estimated federal share of Title IV-A child support collections, which is utilized to fund a portion of the federal share of local assistance administration funds to local child support agencies.

The Child Support Collections Recovery Fund (CSCRF) premise only reflects Title IV-A child support collections. The Title IV-E share of the CSCRF is reflected in the California Department of Social Services' Local Assistance budget.

IMPLEMENTATION DATE:

This premise was implemented July 2001.

KEY DATA/ASSUMPTIONS:

Authorizing statute: Family Code Section 17702.5.

METHODOLOGY:

For State Fiscal Year (SFY) 2014-15 and SFY 2015-16, the CSCRF is based on the estimated sum of the federal share of child support assistance collections less the estimated sum of the federal share of foster care collections.

FUNDING:

This premise is funded as the federal share of the Title IV-A child support collections in the Child Support Revenues, Transfers and Collections tables.

CHANGE FROM APPROPRIATION:

Child Support Program - Basic Collections

DESCRIPTION:

This premise reflects distributed child support collections that go directly to families and assistance recoupment revenue collected on behalf of federal, state, or county governments for the recoupment of past welfare costs.

Basic collections represent the ongoing efforts of the local child support agency to collect child support payments from parents paying support. Basic Collections include, but are not limited to, collections from the following sources: wage assignments, federal and state tax refund intercepts, unemployment insurance benefit intercepts, lien intercepts, bank levies, payments directly from parents paying support, compromise of arrears program, and the full collections program. Disregard payments to families and collections attributable to Revenue Stabilization Augmentation funding are reflected in separate premises.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Welfare & Institutions (W&I) Code Section 11477 and W&I Code Section 11487.
- The child support payment data for assistance and non-assistance collections are based on the Child Support Monthly Report of Collections and Distributions (CS 34) and the Supplement to Monthly Report of Collections and Distributions (CS 35).
- The child support collections to other states and miscellaneous collections data are based on the CS 34 and CS 35 reports.

METHODOLOGY:

- Assistance distributed collections are reported monthly on the CS 34 and CS 35 Reports. These were used to construct a 24-month trend for Basic Collections based on data from July 2012 through June 2014. Seasonal adjustments were made to the data by using monthly dummy variables in the linear regression model.
- Non-assistance distributed collections are reported monthly on the CS 34 and CS 35 Reports. These were used to construct a 24-month trend for Basic Collections based on data from July 2012 through June 2014. Seasonal adjustments were made to the data by using monthly dummy variables in the linear regression model.
- Assistance distributed collections for Other States are reported on the CS 34 and CS 35 Reports. For SFY 2014-15 and SFY 2015-16, the trend forecast rates of change for Assistance Basic Collections were applied to the SFY 2013-14 actual collections to arrive at the estimated amount.
- Non-Assistance distributed collections for Other States are reported on the CS 34 and CS 35 Reports. For SFY 2014-15 and SFY 2015-16, the trend forecast rates of change for Non-Assistance Basic Collections were applied to the SFY 2013-14 actual collections to arrive at the estimated amount.

- Assistance Miscellaneous Collections consists of Assistance Medical Support, Pass-On, and Excess Collections. Pass-On and Excess Collections are reported on the CS 35 Report. Medical Support is reported on the CS 34 Report. For SFY 2014-15 and SFY 2015-16, the trend forecast rates of change for assistance Basic Collections were applied to SFY 2013-14 actual collections to arrive at the Assistance Miscellaneous Collections estimate.
- The Non-Assistance Miscellaneous Collections consist of Non-Assistance Medical Support which is reported on the CS 34 Report. For SFY 2014-15 and SFY 2015-16, the trend forecast rates of change for Non-Assistance Basic Collections were applied to the SFY 2013-14 actual collections to arrive at the Non-Assistance Miscellaneous Collections estimate.

FUNDING:

- Collections made on behalf of non-assistance families are forwarded directly to custodial parties.
- Collections made on behalf of other states are forwarded directly to other states for distribution.
- Collections for assistance families are retained and serve as recoupment of past welfare costs.
- The assistance collections are shared between federal, state and local governments based on the Federal Medical Assistance Percentage and the non-Federal sharing ratios. See Appendix A for detail.

CHANGE FROM APPROPRIATION:

The estimate has been updated to reflect the forecasted collections based on the most recent trend data.

REASON FOR YEAR-TO-YEAR CHANGE:

Disregard Payments to Families

DESCRIPTION:

In addition to the California Work Opportunity and Responsibility to Kids (CalWORKs) grant, the custodial party receiving support also receives the first \$50 of the current month's child support payment collected from the non-custodial parent. Forwarding the disregard portion of the collection to the family, instead of retaining it as revenue, results in reduced collection revenues for the state and federal governments. Effective October 1, 2008, the Federal Deficit Reduction Act (FDRA) of 2005 allows the federal government to share in the cost of additional support collections passed-through to families.

IMPLEMENTATION DATE:

- This premise was implemented in State Fiscal Year (SFY) 1984-85.
- The FDRA federal participation provision was implemented October 1, 2008.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Family Code Section 17504.
- The child support payment data for disregard payments to families is based on the Child Support Monthly Report of Collections and Distributions (CS 34) and the Supplement to Monthly Report of Collections and Distributions (CS 35).
- Federal Financial Participation (FFP) is available for disregard payments of federally eligible collections.

METHODOLOGY:

- The cost of the current \$50 disregard is reported monthly on the CS 35 reports. The disregard is paid when the current monthly child support collection is distributed.
- The forecast was generated utilizing 24 months of actual data from the CS 35 reports from July 2012 through June 2014.
- The FFP in disregard was calculated by computing federally eligible disregard collections and multiplying these by 50 percent.
- The cost is counted toward the State's Temporary Assistance for Needy Families (TANF) Maintenance of Effort (MOE) requirement.

FUNDING:

- Beginning October 1, 2008, the federal participation in disregard became 50 percent.
- The costs are reflected in the California Department of Social Services budget as additional TANF/MOE expenditures.

- Funding source for these costs are reflected in the Department of Child Support Services collections table as “Other” to display the amount of collections paid to the families.

CHANGE FROM APPROPRIATION:

The estimate was updated to reflect the latest forecast based on the latest available actual 24 months of trend data.

Title IV-E Child Support Collections Recovery Fund

DESCRIPTION:

This premise reflects the estimated federal share (Title IV-E) of Foster Care (FC) child support collections as determined by the Department of Child Support Services (DCSS). The DCSS is responsible for remitting to the Child Support Collection Recovery Fund (CSCRF) the federal share of FC collections as reported to the federal government. The FC child support collections offset the Title IV-E share of FC expenditures.

IMPLEMENTATION DATE:

This premise was implemented July 1, 2000.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Social Security Act Section 457 (6)(e)(1).
- Based on actual collection data reported on the Monthly Report of Collections and Distributions (CS 34) and the Supplement to the CS 34 Monthly Report of Collections and Distributions (CS 35) reports for July 2012 through June 2014.
- Effective October 1, 2003, both the current and former Title IV-E Child Support Collections reduce the federal share of FC expenditures based on federal Office of Child Support Enforcement Action Transmittal letter 03-04, dated September 26, 2003.
- The Federal Medical Assistance Percentage (FMAP) rate is assumed to be 50 percent for the period of July 1, 2012 through June 30, 2014.

METHODOLOGY:

- For SFY 2014-15, the FC share of collections percentage was applied to the estimated collections. The FMAP rate was then applied to determine the federal share of FC collections, which resulted in a forecast of \$5,809,000.
- For SFY 2015-16, the FC share of collections percentage was applied to the estimated collections. The FMAP rate was then applied to determine the federal share of FC collections, which resulted in a forecast of \$5,298,000.

FUNDING:

This premise identifies the Title IV-E funds remitted to the CSCRF.

CHANGE FROM APPROPRIATION:

The estimate for SFY 2014-15 reflects the forecasted decrease in FC collections.

REASON FOR YEAR-TO-YEAR CHANGE:

Never Assisted Cases Fee Recovery

DESCRIPTION:

One of the provisions of the Federal Deficit Reduction Act (FDRA) of 2005 requires the state to pay the federal government a \$25 annual fee for families that have never received Temporary Assistance for Needy Families if at least \$500 is disbursed annually on their behalf. Fees may be recovered from the custodial party, the noncustodial parent or the State (using state funds). California opted to pass the fee to the custodial party and began collecting the fee October 1, 2011.

IMPLEMENTATION DATE:

This premise was implemented October 1, 2011.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: Public Law 109-171, FDRA of 2005.
- CCSAS began tracking fees on October 1, 2010 and began assessing and collecting fees on October 1, 2011.

METHODOLOGY:

- The number of never-assisted cases assessed the fee is multiplied by \$25 to compute the total fees. Fees collected will be remitted to the State General Fund.

FUNDING:

This reflects the amount of the \$25 annual fee estimated to be collected.

Non IV-D Child Support Collections

DESCRIPTION:

Pursuant to Public Law 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 requires that Department of Child Support Services establish and operate a State Disbursement Unit (SDU) for the collection and disbursement of payments for: 1) orders in IV-D cases, and 2) orders in Non IV-D cases for which the support order was initially issued on or after January 1, 1994, and in which the income of the non-custodial parent is subject to withholding.

This premise reflects the estimated Non IV-D child support collections collected through the California Child Support Automation System (CCSAS)-SDU. Non IV-D child support collections are cases with court-ordered wage assignments that are not being served by the Local Child Support Agencies.

IMPLEMENTATION DATE:

This premise was implemented as part of the CCSAS–SDU, effective July 2006.

KEY DATA/ASSUMPTIONS:

- Authorizing statute: W&I Code Section 10080, Family Code Section 17309, and Code of Civil Procedure Section 706.030 (6).
- It is assumed that Non IV-D child support collections collected through court-ordered wage withholding orders will be processed through the SDU and distributed to the families.
- This Non IV-D child support payment data is based on the Child Support Monthly Report of Collections and Distributions (CS 34).

METHODOLOGY:

- Actual Non IV-D collections are reported monthly on the CS 34 report. Actual Non IV-D collections from July 2012 through June 2014 were used to forecast the annual Non IV-D collections amounts for SFY 2014-15 of \$222,105,000 and SFY 2015-16 of \$227,384,000. Seasonal adjustments were made to the data by using monthly dummy variables in the linear regression model.

FUNDING:

- Non IV-D collections are distributed 100 percent to the families.

CHANGE FROM APPROPRIATION:

The change reflects updated projections using the most recent 24 months of data.

REASON FOR YEAR-TO-YEAR CHANGE:

The 24 month trend is projecting an increase in SFY 2015-16.
